The 3rd International Conference Paulo Freire: The Global Legacy

The conference, also marking the centenary of Paulo Freire's birth, will bring together educators, academics, students, researchers, artists, activists, and practitioners to discuss and reflect on the work of the world-renowned Brazilian educator, philosopher, and social justice advocate. Freire's philosophy has influenced many people worldwide in the fields of education, social work, community development, community health, and many others. Therefore, the aims of the conference are: (1) to investigate Paulo Freire's thought and work within the field of education; (2) to explore to what extent his thought and work are applied specifically in other fields of human inquiry, expression and practice; and (3) to be a catalyst for further international interdisciplinary application of Freire's thought and work.

Confirmed speakers for the keynote panels include:

Nita Freire (Brazil)

Donaldo Macedo (USA)

Handel Wright (Canada / Sierra Leone)

Antonia Darder (USA)
